

# PUPPY RAISER HALL OF FAME

Our puppy raisers are fully committed. The ultimate volunteers. A rare breed.

Our puppy raisers give themselves to a smart yet helpless puppy, grow it up, and train it well for months on end. Then they say goodbye, shed real tears, and many do it all over again. And again.

That's what we call commitment, and it is our privilege to honor them through our Puppy Raiser Hall of Fame. These superheroes have raised ten or more puppies! We recognized these individuals for their sacrifice of time, talent, resources, and the part of their heart that they leave with each puppy.

To those listed here:

You are amazing. There's no way we can measure our gratitude, but it is our honor to share our thanks and welcome you to this small and prestigious club: our Puppy Raiser Hall of Fame.
